

DPS, Maruti Kunj Receives
British Council International School Award

As a recognition for its yearlong pursuit for providing its students international dimension and global exposure in education, Delhi Public School, Maruti Kunj received the coveted International School Award (2015-2018). The Award Ceremony was hosted by British Council on 8th July,2015 at Hotel Kempinski Ambience, New Delhi.

It has always been the school's endeavour to impart quality education to its students and equip them with essential skills to emerge as responsible global citizens. Under the ISA initiative, the students of the school collaborated with partner schools from different countries like UK, Pakistan, Mongolia etc. and shared knowledge and views on different global issues through technology based mediums like Skype sessions, British Council Connecting Classroom's Project Spaces, e-mails etc. The school witnessed a colourful bonanza of activities on the themes like Tribes of the World, Dexterous Hands, Toon Mania, Food Habits of Teenagers round the world etc. The ISA activities carried out throughout the session involved the participation of all the students and staff members. Through the ISA activities, the students learnt various values like inter-personal skills, team spirit, cross cultural acceptance and global citizenship. The ISA journey brought about a great value addition in the lives of students, preparing each one of them to keep abreast with the rapidly changing world.

The International School Award is yet another milestone in the school's journey towards excellence. Under the able mentorship and guidance of our Principal, Vice Principal, Headmaster, Headmistress, we were able to accomplish our mission and bring glory to the school.
